

# Fact Sheet: First Aid

## HABC Level 3 Award in First Aid Response

The HABC Level 3 Award in First Aid Response is designed to support learners in gaining a more comprehensive understanding of first aid along with an understanding of how important medical/environmental intelligence is when dealing with a range of casualties.

### How long will it take me to achieve this qualification?

It is recommended that the qualification is delivered over a period of 4 days with on-going practical and theoretical assessment.

### How is the qualification assessed?

The qualification is internally assessed by both on-course assessment theory and practical assessment along with some distance study/assessment that investigates the area of medical intelligence and environmental awareness.

### What next?

The qualification is valid for a period of 3 years, after which point learners will need to retake the course. In addition to this it is also recommended that learners refresh their knowledge annually.

Learners completing this qualification could specialise further in the area of first aid with on-going development in the following area:

- HABC Level 3 Award in Emergency Paediatric First Aid (QCF)
- HABC Level 3 Award in Paediatric First Aid (QCF).

### Where can this course be taken?

Through any HABC approved training centre.
